Dear Sir,

I am writing you
to find out for my little
sister June and myself if you
could please help find our
little dog because we love
him very much. His name is
Ducthie. My uncle Peter who
was a soldier in Germany
brought him all the way home
for my sister and I cry an
awful lot. And I can hardly
sleep nights. And my little
sister cries all the time too.
Especially on her birthday
which was March 9th because
he was not here too help cele-
brate with us. But we cut the
first and prettiest piece of
cake for Ducthie when he
comes home to us. I pray to
God and all the saints in
heaven that he will come
back home to us. My mother
while shopping on March 1st

lost him in a crowd of
people. He was only five months
old. He is part German Shep-
herd. He has two colors
black and brown. So I'm writ-
ing to you so you can tell
all the people who read your
newspaper that if anyone has
found poor little Ductie
to send him home to us.
Please help us find him.

Thank you very much
and God bless you!
